JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY AND CAMPUS CRIME STATISTICS

Hondros College of Nursing [the “College”] is providing the following information to all College employees and students as part of its commitment to safety and security and pursuant to the requirements of the federal Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act [the “Act”]. This report is prepared in cooperation with local law enforcement agencies surrounding the Westerville, Fairborn, Independence, West Chester, and Maumee campus locations. The past three (3) years of crime statistics for each campus are listed at the end of this report. A section entitled “Uniform Crime Report Definitions” will assist in understanding the Act and the reporting requirements for the various offenses. The report includes, but is not limited to, the following: campus security and safety policies and other disclosures and statistics for defined Clery Act crimes for each campus location and adjacent property, including the following: murder, manslaughter, robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, forcible sex offenses, non-forcible sex offenses, hate crimes, domestic violence, and stalking.

Each year by October 1st this report is provided to all current students, faculty, and staff via their Hondros.edu email address and is also made available on the College’s Intranet and Hondros.edu sites, and student and faculty portals. A paper copy of the report is also available from the front desk at each campus location. Prospective students and employees are also made aware of the report.

To prepare the Annual Security Report, the College, through local police departments, collects, classifies, and counts crime reports and crime statistics for each campus location.

CAMPUS SECURITY AUTHORITY (CSA)

The College has designated all faculty, staff, and contractors (if any) as Campus Security Authorities (CSA), meaning these designated individuals have a legal obligation to notify local law enforcement of any Clery Act crimes that were conveyed to them in good faith, meaning that, at the time of the conveyance, there was reasonable basis for believing that the information is true. While CSAs are obligated to report any Clery Act crime they are made aware of, at the request of the victim(s), identifying information may be excluded from the report, such as names, initials, contact information, etc. The purpose of a confidential report is to comply with a person’s wish to keep the matter confidential, while taking steps ensure safety for all College constituents. With such information, the College can keep an accurate record of the number of incidents involving students, determine whether there is an emerging pattern of crime with regard to a particular location, method, assailant, and properly alert the College community and local law enforcement officials to the potential danger. The College does not currently employ or offer pastoral and/or professional counselors.

If you have questions regarding any of the information contained in this Report, please contact Dr. Jeremy Hoshor-Johnson, Chief Administrative Officer & Provost, by phone or e-mail at:

If deemed necessary, local law enforcement authorities may also be notified. **Note:** Most states have laws requiring persons who have knowledge of a felony being committed [a victim or a witness to the crime] to report the crime to local law enforcement. Failure to report a crime may itself constitute a crime.

Any person involved in or witnessing a life threatening emergency should dial “9-1-1” first before attempting to notify the appropriate College personnel. Additional information can be found in the 2016-2017 Hondros College of Nursing Emergency Management Guide which can be found at: [www.hondros.edu](http://www.hondros.edu) under the “Programs” tab.

**VIOLENCE AGAINST WOMEN ACT (VAWA)**

In accordance with the Violence Against Women Reauthorization Act (VAWA), educational programs are provided to all student and employees to promote and awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. Such programs include a statement that the College prohibits domestic violence, dating violence, sexual assault, and stalking along with the applicable jurisdictions’ definition of each offense including the definition of consent (in reference to sexual activity – see above). The programs provide a “safe and positive”
option for bystander intervention to prevent or intervene when there is risk to another person of domestic violence, dating violence, sexual assault, or stalking and information on how to reduce risk and recognize warning signs of abusive behavior and how to avoid a potential attack. The College also provides ongoing prevention and awareness campaigns for students, faculty, and staff that include the materials provided in this report.

The College makes known the possible sanctions and protective measures following a final determination regarding rape, acquaintance rape, domestic violence, dating violence, sexual assault or stalking, including procedures victims should follow if one of these crimes has occurred. The College provides in writing the following:

- The importance of preserving evidence of proof (for potential prosecution or issuance of a protection order) and to whom the offense should be reported on each campus;
- Law enforcement and campus options to assist the victim if they choose to notify law enforcement and give the victim the right to decline to notify such authorities; and
- Rights of victims and College responsibilities on order of protection, no contact orders, restraining orders, civil protection orders, or similar lawfully issued orders from criminal or civil bodies.

**DISCIPLINARY ACTION AND SANCTIONS**

On-campus disciplinary procedures against students will be in accordance with the published Hondros College of Nursing Student Catalog and student conduct policy. Both the accuser and the accused are entitled to have others present during a disciplinary proceeding. Both will be informed of the outcome of any campus disciplinary proceeding. Sanctions, which may be imposed following a final determination of a disciplinary proceeding regarding rape, acquaintance rape, or other sex crimes, may include warning, probation, suspension, or dismissal. Disciplinary proceedings will provide a prompt, fair, and impartial investigation and resolution; and be conducted by College and campus-based officials who receive annual training on issues related to domestic violence, dating violence, sexual assault, and stalking, and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. The accuser and the accused are entitled to the same opportunities to have a support person, advisor, and/or legal counsel of their choice at any proceeding or related meeting.

The accuser and accused shall be simultaneously informed in writing of the outcome of any institutional disciplinary proceeding that arises from an allegation of domestic violence, dating violence, sexual assault, or stalking, as well as the College’s procedures for appealing the results of the proceedings.

For more information on the student conduct policy, please consult the student catalog which can be found at www.hondros.edu under the “Programs” tab.

**EMERGENCY RESPONSE**

The College will utilize its Emergency Response Notification System (ERNS) to notify the Campus community of any immediate threat upon the confirmation of a significant emergency and/or dangerous situation involving an immediate or imminent threat to the health or safety of students, faculty or staff. Students, faculty, and staff may receive text message (SMS) and/or email notifications with information relative to the threat and the action taken to be remain safe until the threat or perceived threat has passed. Manual notification systems may also be utilized when possible. The College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the ERNS, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

All students, faculty and staff are automatically enrolled in the College’s ERNS via their College email address. The ERNS is managed by a third-party telecommunications provider called Alert Solutions. Once enrolled, users have the choice to “opt-out” of the ERNS and not receive future notifications. The “opt-out” process is communicated to users via their College email address. Registration information is not shared with outside parties and is used only in the communication of
emergency notifications. Once registered, all users are able to update and/or add contact information, including personal email addresses and/or mobile telephone numbers.

The College may activate the ERNS whenever a report is received of a violent incident against a person or a threat of violence against property on campus that represents an ongoing danger to the safety of students, faculty, and staff. In addition, the College may activate the ERNS in the following circumstances:

- Weather Closing or Delay
- Biological Threat
- Bomb Threat or Bomb Found
- Natural Gas Leak
- Active Shooter or Hostile Intruder
- All Clear

EMERGENCY EVACUATION PROCEDURES
The College has developed an all hazards approach to the mitigation of crisis’ or emergencies on the campuses. This plan, referred to as the Emergency Management Plan (EMP) delineates the College’s response to any human or natural incident. EMP incorporates an “all hazards approach” to crisis management and provides a standard format for incident planning and details the responsive activities implemented during a crisis or emergency situation.

EMP is a basic guide for providing a response system to a major crisis or emergency occurring at any College location. It is placed into operation whenever an emergency affecting the campus cannot be controlled through routine, daily and normal channels and procedures. The response to any major crisis or disturbance will always be conducted within the framework of this plan.

TIMELY WARNINGS
The College will also use the ERNS to issue a “timely warning” in the event a crime is reported to campus officials or local law enforcement that present a serious or continuing threat to students, faculty and staff. The warning will be issued as soon as the pertinent information is available. The intent of the timely warning is to enable recipients to protect themselves and aid in the prevention of similar crimes. Any member of the campus community may, at their discretion, notify local law enforcement and/or public authorities of any emergency or dangerous situation at the campus.

WORKING RELATIONSHIP WITH LOCAL LAW ENFORCEMENT
The College’s campuses maintain a close working relationship with local police authorities having direct jurisdiction over the campus locations. The College occasionally works with other state and federal law enforcement agencies, as needed and when the situation warrants additional involvement. There is no written memorandum of understanding between the College’s campuses and local law enforcement agencies having direct jurisdiction over the campus locations. The College does not employ campus security personnel.

PREPARING THE ANNUAL SECURITY REPORT
The College’s administration in conjunction with campus executive directors at each location and in cooperation with local law enforcement is responsible for the preparation of this Report. Crimes occurring adjacent to or on College premises and reported to the following individuals or agencies will be included in this annual Report.

- Chief Executive Officer
- Campus Executive Directors – Westerville, West Chester, Fairborn, Independence, Maumee
- Chief Administrative Officer & Provost
- Academic Deans
- Director of Human Resources
- Accreditation & Compliance Manager
- Local Law Enforcement Agencies, including:
