

HONDROS
COLLEGE OF NURSING

Annual Security Report
September 30, 2024

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY AND CAMPUS CRIME STATISTICS

Hondros College of Nursing (the “College”) has prepared this Annual Security Report (the “ASR” or “Report”) to provide the following information to all College employees and students as part of its commitment to safety and security and pursuant to the requirements of the federal Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (the “Act”). This ASR has been prepared in cooperation with local law enforcement agencies surrounding the Akron, Columbus, Dayton, Independence, Maumee, and West Chester campuses in Ohio, the Indianapolis campus in Indiana, and the Bingham Farms campus in Michigan. Relevant crime statistics covering the past three (3) years (2021, 2022, and 2023) for each campus are listed at the end of this report. Please note the following:

- For the Bingham Farms, Michigan campus, this ASR only includes crime data for 2022 and 2023, as the campus opened in July 2022, with classes starting in October 2022.
- The Dayton, Ohio campus moved to a new location at 6520 Poe Ave., Dayton, OH 45414 in May 2023. The crime statistics at the end of this document reflect data from previous location for 2021, 2022, and January 2023 through May 2023, as this is the location from which the College operated during that time. Data from the current location is reported for May 2023 through December 2023.
- The Columbus, Ohio campus moved to a new location at 1105 Schrock Road, 7th Floor, Columbus, OH 43229 in July 2024. The crime statistics at the end of this document reflect data from the previous location, as this is the location from which the College operated throughout 2021, 2022, and 2023.
- The Maumee, Ohio campus moved to a new location at 1695 Indian Wood Circle, Maumee, OH 43537 in July 2024. The crime statistics at the end of this document reflect data from the previous location, as this is the location from which the College operated throughout 2021, 2022, and 2023.

A section entitled “Uniform Crime Report Definitions” will assist in understanding the Act and the reporting requirements for the various offenses. This Report includes, but is not limited to, campus security and safety policies and other disclosures and statistics for defined Clery Act crimes for each campus location and adjacent property, including murder, manslaughter, robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, forcible sex offenses, non-forcible sex offenses, hate crimes, domestic violence, and stalking.

The College provides a copy of the report to all current students, faculty, and staff via their Hondros College of Nursing-issued email address and makes it available on the College’s website, Intranet, and student and faculty portals. A paper copy of the report is also available at each campus location. Prospective students and employees are also made aware of the report.

CAMPUS SECURITY AUTHORITY (CSA)

The College has designated the following individuals as Campus Security Authorities (CSA):

- Campus Executive Directors
- Campus Deans/Directors of Nursing
- Assistant Directors of Nursing
- Directors of Admissions
- Campus Managers
- Dean, Medical Assisting Program
- Medical Assisting Coordinators
- Senior Vice President, Operations
- Senior Vice President, Academics – PN & BSN Programs
- Senior Vice President, Academics – ADN Program
- Vice President, Operations
- Vice President, Accreditation and Compliance

These designated individuals have a legal obligation to notify local law enforcement of any Clery Act crimes that were conveyed to them in good faith, meaning that, at the time of the conveyance, there was a reasonable basis for believing that the information is true. While CSAs are obligated to report any Clery Act crime they are made aware of, at the request of the victim(s), identifying information may be excluded from the report, such as names, initials, contact information, etc. The purpose of a confidential report is to comply with a person's wish to keep the matter confidential, while taking steps to ensure safety for all College constituents. With such information, the College can keep an accurate record of the number of incidents involving students, determine whether there is an emerging pattern of crime with regard to a particular location, method, assailant, and properly alert the College community and local law enforcement officials to the potential danger.

If you have questions regarding any of the information contained in this Report, please contact:

Adam Bulizak, Vice President, Accreditation and Compliance
1105 Schrock Road, Suite 650 | Columbus, OH 43229

GENERAL DEFINITIONS

For educational and awareness purposes, the Clery Act requires that the ASR provide definitions for the terms "consent", "dating violence," "domestic violence," "sexual assault," and "stalking" as defined by Ohio, the College's local jurisdiction. Definitions for these terms are reproduced below with references to the applicable section(s) of the Ohio Code.

Ohio defines the term "domestic violence" in [3113.31](#) of the Revised Code, as follows.

"Domestic violence" means any of the following:

- The occurrence of one or more of the following acts against a family or household member:
 - I. Attempting to cause or recklessly causing bodily injury;
 - II. Placing another person by the threat of force in fear of imminent serious physical harm or committing a violation of section [2903.211](#) or [2911.211](#) of the Revised Code;
 - III. Committing any act with respect to a child that would result in the child being an abused child, as defined in section [2151.031](#) of the Revised Code;
 - IV. Committing a sexually oriented offense.
- The occurrence of one or more of the acts identified above against a person with whom the respondent is or was in a dating relationship.

"Family or household member" means any of the following:

- Any of the following who is residing with or has resided with the respondent:
 - I. A spouse, a person living as a spouse, or a former spouse of the respondent;
 - II. A parent, a foster parent, or a child of the respondent, or another person related by consanguinity or affinity to the respondent;
 - III. A parent or a child of a spouse, person living as a spouse, or former spouse of the respondent, or another person related by consanguinity or affinity to a spouse, person living as a spouse, or former spouse of the respondent.
- The natural parent of any child of whom the respondent is the other natural parent or is the putative other natural parent.

"Person living as a spouse" means a person who is living or has lived with the respondent in a common law marital relationship, who otherwise is cohabiting with the respondent, or who otherwise has cohabited with the respondent within five years prior to the date of the alleged occurrence of the act in question.

"Dating relationship" means a relationship between individuals who have, or have had, a relationship of a romantic or intimate nature. "Dating relationship" does not include a casual acquaintanceship or ordinary fraternization in a business or social context.

"Person with whom the respondent is or was in a dating relationship" means an individual who, at the time of the conduct in question, is in a dating relationship with the respondent who is an adult or who, within the twelve months preceding the conduct in question, has had a dating relationship with the respondent who is an adult.

Ohio does not define the terms "consent," "dating violence," "sexual assault," or "stalking." The College defines those terms for purposes of its Title IX Compliance Policy and reproduces those definitions below:

- Consent - Verbal statements or non-verbal actions which a reasonable person would understand to mean a voluntary agreement to engage in sexual activity. Someone who is incapacitated cannot consent. Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another person. Consent can be withdrawn at any time. Coercion, force, or threat of either invalidates consent.
- Dating violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship. "Dating violence" includes, but is not limited to, sexual or physical abuse or the threat of such abuse, but does not include acts covered under the definition of domestic violence.
- Sexual assault - An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting program.
- Stalking - Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (a) fear for the person's safety or the safety of others, or (b) suffer substantial emotional distress. As used in this definition, "course of conduct" means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens or communicates to or about a person, or interferes with a person's property; "substantial emotional distress" means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling; and "reasonable person" means a person under similar circumstances and with similar identities to the victim.

REPORTING CRIMES AND EMERGENCIES

The College strives to provide a safe and secure campus for all students and employees. Students and employees are encouraged to report any and all suspicious activity occurring on campus immediately upon witnessing the activity. Any knowledge of an activity criminal or suspicious in nature should be reported immediately to the Campus Executive Director. The College will then take appropriate action based upon the information given. If deemed necessary, local law enforcement authorities may also be notified. *Note:* Most states have laws requiring persons who have knowledge of a felony being committed (a victim or a witness to the crime) to report the crime to local law enforcement. Failure to report a crime may itself constitute a crime.

Any person involved in or witnessing a life-threatening emergency should dial "9-1-1" first before attempting to notify the appropriate College personnel. Additional information can be found in the Hondros College of Nursing Emergency Management Guide, which is published at <https://www.hondros.edu/docs/hondros/-/emergency-management-guide.pdf>.

Major offenses such as rape, murder, aggravated assault, robbery, and motor vehicle theft are reported to local law enforcement agencies. The prosecution of criminal offenses, both felony and misdemeanor, are conducted through the court systems of each jurisdiction in which the campus is located.

CAMPUS SECURITY PROGRAMS

All College employees are instructed on crime awareness, prevention, and campus security during the hiring and orientation processes. Employees are instructed on crime awareness, prevention, and campus security during staff/faculty meetings. Employees are encouraged to take personal responsibility for their own safety and security, as well as the safety and security of their fellow co-workers and students.

All new students are instructed on crime awareness, prevention and campus security during orientation, and are encouraged to take personal responsibility for their own safety and security, as well as the safety of their fellow classmates and College employees. The orientation includes a description of campus security policies and procedures, suggestions on how to avoid becoming a crime victim, campus evacuation plans, and procedures for reporting any criminal activity or emergency.

SECURITY AND CAMPUS SUCCESS

College policy restricts access to campus facilities and limits access to authorized personnel, students, and invited visitors. Visitors are subject to College policies and codes of conduct at all times. Students and employees are personally responsible for the conduct of their visitors at all times. Pursuant to this policy, all employees are required to:

- Keep all unsupervised and unoccupied areas locked at all times.
- Routinely check to ensure operational effectiveness of all secured areas, lighting, etc.
- Report immediately to the Campus Executive Director any suspicious activities that relate to the Campus or adjacent property, regardless of how minor they may seem. If the Campus Executive Director is unavailable, and circumstances warrant immediate notification, please dial 9-1-1.
- Be familiar with College policy regarding the handling of any accidents or criminal activities. The College's procedures are outlined below:
 - Immediately determine the condition of any injured employees, students, or other parties;
 - Notify the Campus Executive Director, and if circumstances are warranted, dial 9-1-1;
 - Complete an incident report;
 - Obtain a copy of the police report (if applicable);
 - Obtain information and statement from witnesses;
 - Investigate property damage or theft.

The College does not have off-campus locations of student organizations officially recognized by the College, including student organizations with off-campus housing facilities. The College does not have any on- or off-campus housing facilities.

PROGRAMS TO INFORM STUDENTS & EMPLOYEES ABOUT THE PREVENTION OF CRIME

If the College, in conjunction with local law enforcement, determines that a particular criminal offense continues to be a threat to the College and its students and employees, students and employees will be notified by reasonable means to communicate the information. This may include public signage, messages posted to the student and faculty portals and/or website, communications via email or text message, and/or notifications sent through the College's Emergency Response Notification System.

Students are strongly encouraged to review the College's Student Catalog where information can be found detailing student behavior and expectations for student conduct. The Student Catalog can be found online at <https://www.hondros.edu/catalog/>. Students are also encouraged to read the entirety of this report, as it provides important information on procedures for reporting crimes and seeking additional assistance. Employees are encouraged to consult their HCN Employee Handbook and this report for additional information on reporting crimes and general crime awareness.

SEX OFFENDER REGISTRATION POLICY

Pursuant to laws of the States of Ohio, Indiana, and Michigan, convicted sex offenders are required to register with their local sheriff's office or local law enforcement agency for a designated period of time. You can obtain more information by

ALCOHOL & DRUG ABUSE POLICY

The use, manufacture, distribution, dispensing, or possession of alcohol or controlled substances is prohibited on College premises. Students or employees who violate this policy will be subject to disciplinary action up to, and including, expulsion from school or termination of employment and referral to the appropriate law enforcement official. The lawful use of alcohol at College-sponsored events is prohibited unless approved by the College's Chief Executive Officer. Alcohol dependency and drug abuse education programs are not offered by the College or on College property; however, there are local resources available. For more information, students and employees may contact one of the following agencies based on their location:

- Bingham Farms (Detroit-area), MI: United Way for Southeastern Michigan, (313) 226-9200
- Akron, OH: United Way of Summit and Medina Counties, (330) 762-7601

PROGRAMS AND PROCEDURES REGARDING SEXUAL ASSAULT

Brochures on sexual assault issues are available on campus. If a student or employee is sexually assaulted, they have the option to notify the appropriate law enforcement authorities and campus personnel. At the student's or employee's request, the Campus Executive Director or other campus personnel will assist in notifying the proper authorities. Victims of sexual assault or rape should take the following steps:

- Go to a safe place following the attack.
- If able to do so safely, call 9-1-1 immediately.
- Do not shower or bathe or destroy any of the clothes you were wearing at the time of the attack.
- Go directly to a hospital for emergency medical care.

It is also recommended that victims call the Rape Crisis Hotline at (877) 906-7273. The hotline is available 24 hours a day and is staffed by professional counselors that can help answer medical, mental, and emotional questions. The hotline is confidential. The following local off-campus and national resources are available to reporting parties:

VIOLENCE AGAINST WOMEN ACT (VAWA)

The College provides ongoing prevention and awareness campaigns for students, faculty, and staff that include the materials provided in this report.

The College makes known the possible sanctions and protective measures following a final determination regarding rape, acquaintance rape, domestic violence, dating violence, sexual assault, or stalking, including procedures victims should follow if one of these crimes has occurred. The College provides in writing the following:

- The importance of preserving evidence of proof (for potential prosecution or issuance of a protection order) and to whom the offense should be reported on each campus;
- Law enforcement and campus options to assist the victim if they choose to notify law enforcement and give the victim the right to decline to notify such authorities; and,
- Rights of victims and College responsibilities on order of protection, no contact orders, restraining orders, civil protection orders, or similar lawfully issued orders from criminal or civil bodies.

DISCIPLINARY ACTION AND SANCTIONS

On-campus disciplinary procedures against students will be in accordance with the published Hondros College of Nursing Student Catalog and student conduct policies. Both the accuser and the accused are entitled to have others present during a disciplinary proceeding. Both will be informed of the outcome of any campus disciplinary proceeding. Sanctions, which may be imposed following a final determination of a disciplinary proceeding regarding rape, acquaintance rape, or other sex crimes, may include warning, probation, suspension, or dismissal. Disciplinary proceedings will provide a prompt, fair,

and impartial investigation and resolution; and be conducted by College and campus-based officials who receive annual training on issues related to domestic violence, dating violence, sexual assault, and stalking, and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. The accuser and the accused are entitled to the same opportunities to have a support person, advisor, and/or legal counsel of their choice at any proceeding or related meeting.

The accuser and accused shall be simultaneously informed in writing of the outcome of any institutional disciplinary proceeding that arises from an allegation of domestic violence, dating violence, sexual assault, or stalking, as well as the College's procedures for appealing the results of the proceedings.

For more information on the College's student conduct policies, please consult the Student Catalog, which can be found here: <https://www.hondros.edu/catalog/about/index.html>.

EMERGENCY RESPONSE

The College will utilize its Emergency Response Notification System (ERNS) to notify the College and campus community of any immediate threat upon the confirmation of a significant emergency and/or dangerous situation involving an immediate or imminent threat to the health or safety of students, faculty and/or staff. Students, faculty, and staff may receive text message (SMS) and/or email notifications with information relative to the threat and the action to be taken to remain safe until the threat or perceived threat has passed. Manual notification systems may also be utilized when possible. The College will, without delay, and considering the safety of the community, determine the content of the notification and initiate the ERNS, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

All students, faculty, and staff are automatically enrolled in the College's ERNS via their College email address. Once enrolled, users have the choice to "opt- out" of the ERNS and not receive future notifications. Registration information is not shared with outside parties and is used only in the communication of emergency notifications. Once registered, all users may request an update to their contact information, including personal email addresses and/or mobile telephone numbers, via the IT Helpdesk. Student contact information will be updated quarterly to match the information in CAMS, the College's student information system. Students may update their contact information in CAMS using the Student Portal but should also submit a ticket to the IT Helpdesk to ensure their contact information is updated in the ERNS.

The College may activate the ERNS whenever a report is received of a violent incident against a person or a threat of violence against property on campus that represents an ongoing danger to the safety of students, faculty, and staff. In addition, the College may activate the ERNS in the following circumstances:

- Weather Closing or Delay
- Biological Threat
- Bomb Threat or Bomb Found
- Natural Gas Leak
- Active Shooter or Hostile Intruder
- All Clear

EMERGENCY EVACUATION PROCEDURES

The College has developed an all-hazards approach to the mitigation of crises or emergencies on the campuses. This plan, referred to as the Emergency Management Guide (EMG), delineates the College's response to any human or natural incident. The EMG provides a standard format for incident planning and details the responsive activities to be implemented during a crisis or emergency situation.

The EMG is a basic guide for providing a response system to a major crisis or emergency occurring at any College location. It is placed into operation whenever an emergency affecting the campus cannot be controlled through routine, daily and normal channels and procedures. The response to any major crisis or disturbance will always be conducted within the

framework of this plan. The EMG is published at <https://www.hondros.edu/docs/hondros/-/emergency-management-guide.pdf>.

TIMELY WARNINGS

The College will also use the ERNS to issue a “timely warning” in the event a crime is reported to campus officials or local law enforcement that present a serious or continuing threat to students, faculty, and staff. The warning will be issued as soon as the pertinent information is available. The intent of the timely warning is to enable recipients to protect themselves and aid in the prevention of similar crimes. Any member of the campus community may, at their discretion, notify local law enforcement and/or public authorities of any emergency or dangerous situation at the campus.

RESPONSE TO COVID-19

The College responded to the COVID-19 pandemic by taking steps to ensure the safety of students, faculty, and staff in accordance with guidance and/or mandates from all applicable authorities. The College continues to monitor the severity of the COVID-19 pandemic and adjusts its operations to maintain a safe environment and comply with the requirements of all relevant local and national agencies. In some cases, students may be allowed the option to complete lectures remotely, and at times of increased severity, the College may shift entirely to remote learning and require most employees to work from home. The College provides notifications to students and employees regarding changes to course delivery and campus operations as a result of COVID-19 via messages posted to the student and faculty portals and/or website, communications via email or text message, and/or notifications sent through the College’s Emergency Response Notification System. The College provides additional information regarding the COVID-19 pandemic on the College website at <https://www.hondros.edu/about/covid-19.html>.

WORKING RELATIONSHIP WITH LOCAL LAW ENFORCEMENT

The College’s campuses maintain a close working relationship with local police authorities having direct jurisdiction over the campus locations. The College occasionally works with other state and federal law enforcement agencies as needed and when the situation warrants additional involvement. There is no written memorandum of understanding between the College’s campuses and local law enforcement agencies having direct jurisdiction over the campus locations.

PREPARING THE ANNUAL SECURITY REPORT

The College’s administration, in conjunction with Campus Executive Directors at each location and in cooperation with local law enforcement, is responsible for the preparation of this Report. Crimes occurring adjacent to or on College premises and reported to the following individuals or agencies will be included in this Report:

- Named Campus Security Authorities, including:
 - Campus Executive Directors
 - Campus Deans/Directors of Nursing
 - Assistant Directors of Nursing
 - Directors of Admissions
 - Campus Managers
 - Dean, Medical Assisting Program
 - Medical Assisting Coordinators
 - Senior Vice President, Operations
 - Senior Vice President, Academics – PN & BSN Programs
 - Senior Vice President, Academics – ADN Program
 - Vice President, Operations
 - Vice President, Accreditation and Compliance
- Chief Executive Officer
- Director of Human Resources
- Local Law Enforcement Agencies, including:
 - Akron Campus – Akron Police Department
