

Collin's Law (Anti-Hazing) Report – August 2026

On July 6, 2021, Gov. Mike DeWine signed Senate Bill 126 (known as “Collin’s Law”), which is designed to end hazing on college campuses across the state. The law expanded the definition of hazing to include “coercing another to consume alcohol or a drug of abuse,” increases the penalty for hazing, expands hazing reporting requirements, and more.¹

American Public University System’s Anti-Hazing Policy can be found in its Catalog here:

<https://catalog.apus.edu/#policy-anti-hazing>.

The law also requires that colleges and universities prepare and publish a report detailing all instances of hazing activities every six months. This document serves to meet this reporting requirement for August 2026.

Hazing Incidents

There have been no hazing incidents at any Hondros College of Nursing locations in the last five years.
